MITEX 2022

Moscow International Tool Expo MITEX is a central tool event of Russia and the CIS, which brings together manufacturers, suppliers and consumers.

Each year the trade fair gathers the elite of the global tool industry. The exhibition gives participants the opportunity to express themselves and find new customers, assess the weaknesses and strengths of competitors, as well as identify market opportunities for business growth.

Gulnara Markelova
MITEX Director

«MITEX 2022 is an anniversary and benchmark exhibition for the market. We have made every effort to make it as beneficial as possible for all industry players - manufacturers, suppliers and consumers of professional tools for various industry segments as well as hobby-class tools.»

MITEX ADVANTAGES

Event brand

A renowned event with a wide range of media coverage, bringing together experts from all over the world for the last 15 years. One of the key tool market event in Russia and the CIS, which brings together tool manufacturers, suppliers and consumers.

Business communications

Personal interaction with business and industry decision-makers on the exhibition grounds. The greatest contact outreach of any event format.

Business

We create the ultimate conditions ensuring a successful presentation of our exhibitors' products and services to the target audience that best suits their requirements and objectives. Event timeframe during the workweek helps to focus on professional visitors.

Content

We highlight global trends and address the topics in details. We bring up issues for discussion that move the industry forward and play a crucial role in its development. Strategic sessions, round tables, training programmes, discussions with leading Russian and international experts.

Service

We develop and improve services for the organisation of industry mega-events. A personalised approach, support throughout the entire programme, a wide range of additional services for participation and promotion.

Dates and places matter

Perfect dates for evaluating the annual results and setting new goals and objectives, and signing contracts for the upcoming season.

* According to
Yandex.metrca for the
period 11.2021-11.2022

В ЦВК «Экспоцентр» с 8 по 11 ноября 2022 года прошла 15-я Московская международная выставка инструмента, оборудования и технологий MITEX, на которой современные инструментальные решения представили почти три сотни компаний из России, Белоруссии, Индии, Казахстана, Китая и Турции. В ходе этой выставки специально для представителей ведущих отраслевых СМИ была организована так называемая инструментальная экскурсия «Кто есть кто на рынке инструмента». В современных условиях это очень актуальный вопрос, поскольку сейчас из-за ухода с российского рынка многих ведущих мировых брендов идёт его активное перераспределение в пользу новых или прежде находившихся в тени
